

NAME: SOMBAT MANET

Class M3 Lab12

The image shows two overlapping screenshots. The top screenshot is of a web application named 'MyReactApp' running on localhost:5173. It features a dashboard for a user named 'maneth0099@gmail.com'. The dashboard includes four summary cards: 'Total Projects' (12), 'Active' (8), 'Pending' (3), and 'Inactive' (1). Below these is a 'Project Overview' table with 3 rows of sample data.

ID	Name	Status
1	Sample Item A	Active
2	Sample Item B	Pending
3	Sample Item C	Inactive

The bottom screenshot is of a Gmail inbox. The selected email is from 'Supabase Auth' with the subject 'Confirm your signup'. The email body contains a link to confirm the user and a note that the application is powered by Supabase.
